

Xebia Insurance Services

Where Insurance Meets Intelligence

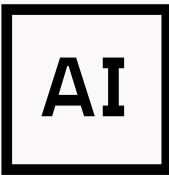

Shaping Tomorrow **with AI Today**

Who We Are

Xebia is a global technology consultancy with 25+ years of experience helping insurers transform complexity into clarity. With deep industry expertise, a proven partner ecosystem, and a track record of 100+ insurance projects worldwide, we enable carriers to unlock speed, efficiency, and resilience through AI, automation, cloud, and data-driven solutions.

From modernizing underwriting and claims to enabling embedded insurance models, Xebia delivers measurable outcomes for some of the world’s most recognizable insurers.

What We Do

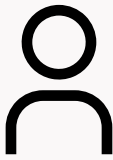

AI-Powered Underwriting

Improve risk assessment speed and accuracy.

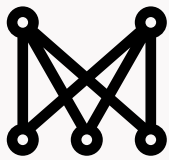

Smart Claims Automation

Accelerate cycle times with explainable, governed AI.

Personalized Customer Engagement

Enhance CX with omnichannel intelligence.

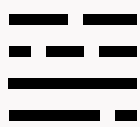

Embedded Insurance Models

Launch new digital-native offerings faster.

Digital Core Modernization

Build scalable, resilient platforms.

Data-Enabled Insurance

Unlock insights through strong data foundations and governance.

In a world where insurers are under pressure to modernize or be disrupted, Xebia delivers the next generation of tech experiences, not just incremental upgrades. We build solutions that instill confidence, move at speed, and drive tangible business outcomes across customer touchpoints and internal operations.

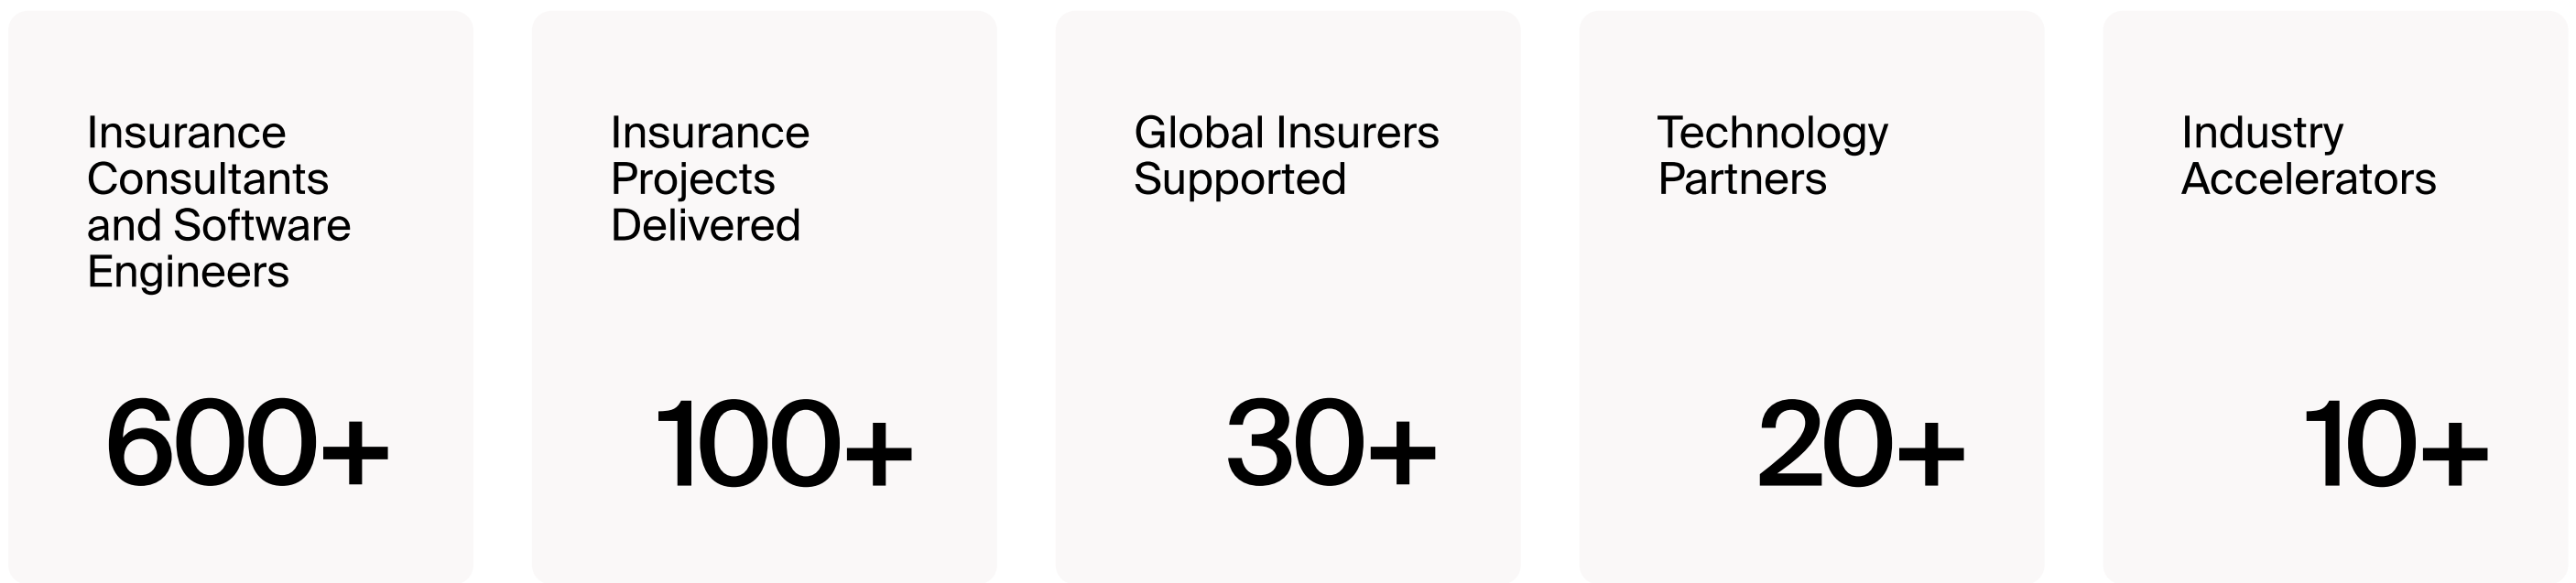

- 01

Trust & Compliance
Governed AI with explainability, privacy, and regulatory alignment at its core.
- 02

Agility at Scale
Cloud-agnostic, modular frameworks that move insurers from pilots to enterprise-wide impact.
- 03

Measurable Impact
Proven results: 60% faster claims processing, 20-25 NPS gains, reduced litigation, and faster ROI.
